## REAR-END COLLISION

Disastrous Wreck on the Union Pacific Railroad

NEAR LINWOOD, KANSAS.

Three Men Killed, Four Seriously Injured and a Dozen More Slightly Hurt—A Freight Train Into the Rear End of a Mixed Train—List of the Killed and Injured.

KANSAS CITY, Jan. 3.—Three men were killed, four seriously injured and a dozen more slightly hurt in a wreck on the Union Pacific railway near Linwood, Kan., 87 miles west of Kansas City. The wreck was caused by a freight train on the Rock Island railway, which uses the Union Pacific track between Kansas City and Topeka, running into the rear end of a mixed freight and passenger train of the Union Pacific.

Both trains were coming to Kansas City and were in motion when the accident occurred. They were a few minutes late, and the Rock Island train was running fast to make up time. The Union Pacific train was near a water tank west of Linwood, and was slowing up when the other train crashed into it.

The following is a list of killed and injured.

The killed are:  
Jay Atwood, conductor Union Pacific, Kansas City.

—Martin, stockman, of Wakefield, Kansas.

Herman Smize, stockman, Clay Centre, Kan.

The injured are:  
George W. Haskins, stockman, Randolph, Kan.; back broken below neck; will die.

B. F. Posten, stockman, Hill City, Kan.; badly injured internally.

T. M. McCrary, stockman, Tescott, Kan.; back broken at waist; will probably die.

C. W. Fagerburg, stockman, Oldsbury, Kan.; arm bruised and head cut.

Casper Dittmer, stockman, Idana, Kan.; arm bruised and head cut.

Joseph Bertrand, stockman, Concordia, Kan.; nose broken and head badly cut and bruised.

William Hardestin, stockman, Delphos, Kan.; head cut and arm badly broken.

Daniel Taylor, stockman, Bellevue, Kan.; arm badly bruised and face and head cut.

G. W. Spencer, stockman, Clyde, Kan.; badly cut about the head.

W. R. Gilmore, stockman, Idana, Kan.; sprained shoulder and contusion.

J. I. West, stockman, Concordia, Kan.; rib broken.

C. W. Mason, stockman, Concordia, Kan.; rib broken.

The Union Pacific train was No. 12, a stock train, due in Kansas City about 7 o'clock. There were about 25 passengers on board riding in a combination passenger and baggage car, just in front of the caboose, and between it and a stock car.

The passengers, or most of them, were stockmen from stations in Kansas, who were coming to Kansas City with cattle and hogs. Nearly all of them were sleeping when the accident occurred. Conductor Jay Atwood, who lived at 1481 Madison avenue, this city, saw a collision could not be avoided and started from the caboose to the coach to warn the passengers, but he was caught between the cars and crushed. His rear brakeman and a young man who was in the caboose saved their lives by jumping.

When the Rock Island engine struck the Union Pacific train, it smashed the caboose into splinters and crashed into the passenger coach, splitting it in the middle. A car loaded with hogs in front was wrecked, and the next car, loaded with cattle, was broken open and the cattle escaped.

Trainmen and passengers, who were not seriously injured, began at once to save those who were more seriously hurt. Four men were dragged from the wreck more dead than alive.

Fire caught from the stoves and before the dead could be removed the cars were enveloped in flames. The flames spread so rapidly that the men under the caboose and passenger coaches could not be reached. Faint and piteous calls for help were heard, but the men who had been saved were powerless to aid the poor fellows, and soon their cries ceased. To have ventured into the burning wreck would have been certain death. The unfortunate men whom the passengers heard but could not help were Conductor Atwood and Hermann Smize, a stockman of Clay Center, and Stockman Martin of Wakefield, Kan.

Conductor Atwood was frightfully burned and his body was not reached for several hours. The bodies of the other men were burned to a crisp.

The Rock Island engineer and fireman saved themselves by jumping. The front trucks of the engine were broken off and the wheels dismantled.

The Rock Island conductor notified the Union Pacific officials here at once, and General Superintendent A. T. Palmer took a special train with surgeons and a wrecking crew to the wreck. The relief train returned to Kansas City with the injured, and they were taken to St. Mary's hospital.

BUFFALO, Jan. 3.—At 3:15 in the morning a fire broke out in the Scotch-American lodginghouse kept by Mrs. Mary Hackett, East Swan street. Two people were burned to death, and about a dozen others were more or less injured, but none fatally. Mrs. Hackett was removed from a second-story window, being quite seriously burned.

Following is a list of the dead and injured.

The dead are:  
Isaac Bradley, printer.

Woman known as Edna, day cook.

The injured are:  
Mrs. Annie Hackett, proprietress, burned about head and arms; will recover.

George Harrington, left shoulder dislocated and his back burned.

J. F. Russell, painter and decorator, of Olcott, N. Y., burned about arms and body; will live.

William Sweeney, shoemaker, slightly burned about legs.

The loss on property was very small, probably not more than \$2,000.

## FIRE LOSSES OF '93.

Underwriters Will Remember the Year as a Pesticidal One.

BOSTON, Jan. 3.—During the year just ended the loss by fire in the United States in property value was almost \$150,000,000, a greater loss than has been recorded in one year, except that in which Chicago was burned and that in which part of Boston was burned out. Boston lost more last year than any other city, the estimate being \$5,500,000. Nearly the whole of it fell upon the insurance companies.

## New York Out of Debt.

ALBANY, Jan. 3.—The legislature met here yesterday afternoon. Governor Flower's message announces that for the first time in more than 75 years the state is free from debt, and recommends measures to do away with direct taxation. The use of electricity as a motive power for canals is advocated and the adoption of the "blanket" ballot is urged. Referring to the proposed consolidation of New York and Brooklyn, the message advises the submission of the question to a vote of the citizens of the two cities.

## Three Boys Injured.

BRAZIL, Ind., Jan. 3.—Two sons of Hawkins Hawkins, respectively 12 and 14 years old, together with Frank Hadley and Fred Phelps, of similar age, secured a can of powder and took it to a grove north of the city, where they proceeded to celebrate. In some way the can was accidentally exploded. Both of young Hadley's eyes were blown out, while the other boys were terribly burned and lacerated about the face, head and hands.

Attempted Murder and Robbery.

CHAGRIN FALLS, O., Jan. 3.—During the absence of Lute Judd, a farmer living east of town, his hired man, Sheron McNeal, colored, attempted to kill Mrs. Judd. McNeal entered her room after she retired and tried to smother her. Thinking the woman dead, he then took Judd's watch and a quantity of clothing and disappeared. When Judd returned he found his wife unconscious. Cleveland police are looking for McNeal.

## Death of the Bishop of Albany.

ALBANY, Jan. 3.—Surrounded by the clergy of the city, after the last sacraments had been administered, Right Rev. Francis McNeirny, bishop of Albany, died of pneumonia shortly after 8:30 last night. A solemn requiem mass was said at the cathedral of the Immaculate Conception announced the tidings of death, and all Albany, without respect to creed, mourns the loss of the dead prelate.

## Tried Four Times For Murder.

SAGINAW, Mich., Jan. 3.—William Palmer, who has had four trials for the murder of his brother Albert, was sentenced to the Jackson penitentiary for 25 years. Palmer was convicted on his third trial and received a 30-years sentence, but was recently granted a new trial, which took place last month.

## On Trial For Murdering His Son.

GEORGETOWN, O., Jan. 3.—Edward Jones, the Clermont county man twice convicted of murder in the first degree, in the slaying of his son, is on trial here. The state's testimony is all in, and is not materially different from the former trials. A verdict will not be reached probably before Saturday.

BELLAIRE, O., Jan. 3.—Nine hundred miners in this vicinity are at present awaiting the result of the meeting of their leaders at Columbus, O., Jan. 3.

## BAGE HAS FALLEN.

Another Insurgent Victory in Brazil.

GLOOMY OUTLOOK FOR PEIXOTO.

Flushed With Victory the Rebels Are Now Laying Siege to Santa Anna de Libramento—The Bombardment of Rio Janeiro Still Continues—The San Francisco at Pernambuco.

PERNAMBUCO, Jan. 2.—The Brazilian dynamite cruiser Nictheroy has again been put in readiness to sail south and get within reach of the insurgent vessels under command of Admiral Mello. The exact time of her departure has not been announced. When she does start she will be accompanied by the Brazilian cruiser America.

The United States cruiser San Francisco has finished coaling and will go south at once. Her destination is Rio Janeiro.

The new year was observed here by the exchange of salutes between the vessels in the harbor. Official visits were made to each other by the officers of the San Francisco and the Brazilian officials and commanders.

## Bago Captured by the Insurgents.

BUENOS AYRES, Jan. 3.—News has been received from Rio Grande do Sul to the effect that the insurgents have captured Bago after a siege of a month.

Advices from Rio Janeiro say that the bombardment of the city by the insurgent warships continues.

## The New York Herald's Dispatches.

NEW YORK, Jan. 3.—The Herald's special dispatch from Montevideo says: Flushed with victory at Bago, the rebels are now laying siege to Santa Anna de Libramento.

A correspondent in Rio Janeiro sends word that the steamer Magdalen, which has arrived there from Pernambuco, reports that Captain Baker of the Nictheroy has had trouble with the crew and had to shoot one or two of them in the interests of discipline.

News of the arrival of Rear Admiral Benham and the cruiser San Francisco at Pernambuco, has reached Rio. They are expected to appear in Rio harbor next Friday, when Rear Admiral Benham will assume command of the squadron of United States warships now before the beleaguered capital.

## Admiral DeGama Landed.

LONDON, Jan. 3.—A dispatch to a news agency from Lisbon says: Advices from Rio Janeiro assert that Admiral DeGama has succeeded in effecting a landing at the customhouse of that city, which should enable him to support the safe landing of 8,000 troops who are daily expected from Santa Catharina.

## LIVING WAGES.

The Employees of the Toledo, St. Louis and Kansas City Answered by the Receiver.

TOLEDO, Jan. 3.—Receiver Callaway of the Toledo, St. Louis and Kansas City railroad has filed his answer in the United States court to the petition of the employees asking that he be compelled to pay living wages. The receiver claims that while he was operating the road as president, he increased the wages in proportion to the earnings; that after his appointment as receiver, owing to hard times, the earnings of the road decreased 80 per cent, and a systematic reduction of all expenses was inaugurated.

The receiver claims that the wages now paid are equal to or higher than the prevailing rate on 20 other railroads entering St. Louis or Toledo. He denies that the new schedule discriminates, and charges that all save 400 employees of the road, are satisfied therewith. The court is asked to allow the new schedule to remain in force.

## Another Iron Hall Brief.

INDIANAPOLIS, Jan. 3.—In the general term an appeal was taken by the defendants in the case of Albert Baker et al. against the supreme sitting order of the Iron Hall. The brief filed by D. W. Howe, leading counsel for appellants, is very long and appeals from the final judgment appointing a receiver. The brief says it is fair to presume that if the Indiana courts would permit the Order to be recognized and turn its property and funds back to it, the courts of other states would do likewise. The brief holds that the order should have the right to distribute the funds in its own way.

## Incendiaries at Work.

DEFANCE, O., Jan. 3.—Late Sunday afternoon an attempt was made to burn the Citizen's Opera House. The fire, which showed unmistakable evidences of incendiary origin, started in the basement, directly under the stage, and had burned its way through the floor when discovered. There is no clew to the perpetrator, and considerable uneasiness prevails. Last week an incendiary fire destroyed Sabert's saloon and Terry's barbershop. The Citizen's Opera House was erected in 1891 at a cost of \$50,000, and is one of the finest playhouses in this section of the state.

## Summary Vengeance Threatened.

MUNCIE, Ind., Jan. 3.—Two tramps robbed a Belgian glassblower near the Marxing, Hart & Company's glass works. The culprits were caught by the enraged Belgians, who marched them to the glass works with the avowed purpose of ducking them in the big tank of molten glass. The officers arrived just in time to save the strangers from a horrible death.

PORTLAND, Ind., Jan. 3.—Florence Day, 15 years old, living near Balboa, said goodby to her parents and went to the home of her sister, where she took a dose of rough on rats. She died in a few hours. No cause was assigned.

## THE WRONG MAN KILLED.

An Arrest Partially Solves the Pemberton Murder Mystery.

LIMA, O., Jan. 3.—The Pemberton murder mystery is thought to be about cleared away. On the night of Oct. 11 last the little town of Pemberton, just east of here, was aroused by the cry of murder. T. N. Ray, a well known and respected resident of that place, was the victim. He was employed in the livery stable of T. J. Moore, and shortly after 10 o'clock on that evening started for home, accompanied by Moore. They walked together for the distance of about a square, when they separated, Moore going in one direction toward his home and Ray in another toward his home.

Ray had only gone a few blocks after leaving Moore when he was rushed upon by some one and dealt several heavy blows over the head with a club. The blows crushed his skull, and within a few minutes he was dead. He was known to have had no enemies, and the cause of the murder had never been guessed until Monday night, when Martin Jenkins of St. Paris was arrested for the crime. The principal evidence against him is that he swore he would kill a man named Shreve, and that he murdered Ray by mistake. When arraigned Jenkins pleaded not guilty. He will be tried Thursday.

## HOG CROP.

Report From Four States, Ohio, Indiana, Illinois and Michigan.

CLEVELAND, Jan. 3.—Erick Brothers, livestock commission merchants of this city, have just completed a report of the hog crop Jan. 1, 1894, compared with Jan. 1, 1893, in the four states of Ohio, Indiana, Illinois and Michigan. The information was received from about 2,000 correspondents in the states named and is summarized as follows:

Ohio—Marketable hogs, decrease 20 per cent; pigs, increase 40 per cent.

Indiana—Marketable hogs, decrease 25 per cent; pigs, decrease 15 per cent.

Illinois—Marketable hogs, decrease 20 per cent; pigs, decrease 40 per cent.

Michigan—Marketable hogs, increase 30 per cent; pigs, increase 75 per cent.

The increase in Ohio shows in about half the counties; in Michigan in but six or seven counties, some of these showing 200 per cent. In Indiana and Illinois the decrease is general. But little cholera is reported, and stock is in good condition.

## Man Mysteriously Missing.

WILMINGTON, O., Jan. 3.—Ed Stone, agent of the Singer Sewing Machine company here, is mysteriously missing. He left here Dec. 11 for Sabina, O., and has not been seen or heard of since. It is thought he possibly has suicided, as he took nothing with him when he left here but a small valise and his razor from the barber shop, which he had had honed up very sharp. An unknown suicide at Athens, O., answers his description and the matter will be investigated. He leaves no accounts or debts. He had been drinking heavily prior to his sudden disappearance. He came here from Boston, Mass., and was about 45 years of age, with dark curly hair and mustache, blue eyes, about 5 feet 8 inches in height and weighed about 160.

## Disastrous Blaze.

PORTLAND, Ind., Jan. 2.—Fire broke out in Zink & Harding's grocery at Redkey, destroying it and burning Smith & Holmes's harness shop, Hale & Goisler's and Clawson's meat markets, Charles Walker's drugstore, the Odd Fellows and Knights of Pythias halls, Nelson & Behnmeier's restaurant, and buildings owned by John Hall, George Edgers and Emerson McGuff. The platelass fronts in Sim's drugstore and restaurant were shattered by the heat. The loss will reach \$40,000, with \$30,000 insurance. This makes the third disastrous fire from which Redkey has suffered.

## Building Association Assigns.

ST. LOUIS, Jan. 3.—Another has been added to the list of broken building and loan associations here, the Blackstone. Walter F. McEntire, president, and H. W. Lindhorn, secretary, assigning to Henry O. Seigmund. Inability to find the books of the association of the secretary, Lindhorn, who has disappeared and is believed to be in Chicago, puts a sensational phase upon the affair. It is therefore impossible to learn the assets and liabilities, though estimates place each at about \$25,000. Lindhorn is bonded for \$20,000.

## We Must Have Blankets.

CLEVELAND, Jan. 3.—The Northern Ohio blanket mill yesterday resumed operations in all departments, giving employment to about 300 men. The members of the firm say that while they may be affected in the future by the tariff bill, unless a fair and equitable adjustment is made, yet that at present the outlook for trade is good, and that the orders on hand and assured will keep them busy for some time.

## Arrested For Arson.

CLEVELAND, Jan. 3.—H. L. Marbach of the Marbach Machine company was arrested here charged with arson. Fire occurred in the building occupied by the machine company at 23 and 24 Middle street, early yesterday morning. The police say waste was placed about the room under drip pans and claim there was a deliberate attempt by Marbach to burn the building, which was filled with valuable machinery.

## Riotous Miners.

DEN MOINES, Ia., Jan. 3.—A dispatch from Fort Dodge says 30 miners came from Frazier to Dayton, broke up a dance and fatally wounded the city marshal and a deputy. Eleven of the rioters are now in jail.

## Passed Over His Veto.

## INDIVIDUAL INCOMES

They Will Be Taxed in the New Tariff Bill.

SO DECIDED BY THE COMMITTEE.

Two Per Cent on All Amounts Over Four Thousand Dollars—The Tax on Whisky Is Also to Be Raised Ten Cents on the Gallon—Bonded Period to Be Extended.

WASHINGTON, Jan. 3.—The advocates of the individual income tax proposition were triumphant at the meeting of the Democratic members of the ways and means committee yesterday afternoon. The eleven members were present when the final meeting was held at the treasury department at 4 o'clock, comparatively little time was wasted in discussion.

The ground had all been argued and fought over time and again, and yesterday afternoon the issue was joined on two propositions, one to levy a tax of 2 per cent against individual incomes over \$4,000 and against the incomes from corporations (that is the difference between the gross income and the operating expenses, or in other words the net income); and second, a proposition offered as a substitute by Mr. Cockran of New York, to tax the incomes from corporations 1 per cent and inheritances 5 per cent, to place a tax of 10 cents on whisky, and to restore sugar to the dutiable list at half a cent per pound.

The vote on Mr. Cockran's substitute proposition, which was taken first, resulted in its defeat, 7 to 4, as follows:

Ayes—Messrs. Wilson, Cockran, Stevens and Montgomery.

Nays—Messrs. McMillin, Turner, Whiting, Bryan, Bynum, Tarsney and Breckinridge.

The original proposition was then submitted and carried by a vote of 6 to 5, as follows:

Ayes—Messrs. McMillin, Turner, Whiting, Bryan, Bynum and Tarsney.

Nays—Messrs. Wilson, Cockran, Stevens, Montgomery and Breckinridge.

It was also decided in connection with the latter proposition to increase the whisky tax 10 cents per gallon; that is, from 90 cents to \$1, to be levied against whisky in as well as out of bond.

Upon the representation that this increase would work undue hardship to the owners of whisky in bond, it was decided to extend the bonded period from three to eight years.

The tax on playing cards, at one time fixed at 6 cents per pack, was reduced to 2 cents, and the contemplated tax on perfumes and cosmetics was discarded.

No increase was made in the tax on cigars, but the increase on cigarettes, \$1 per 1,000, was allowed to stand.

The committee estimates that the tax on the incomes from corporations and individuals (corporations being treated as individuals), will raise \$30,000,000 revenue—\$12,000,000 from corporations and \$18,000,000 from individuals.

The increase in the whisky tax, it is estimated, will give an additional revenue of \$10,000,000 per annum. The proposed tax on inheritances, which was to be levied in case the proposition for an individual income tax failed, was not deemed necessary.

## IMMIGRATION OVERDONE.

A Timely New Year's Sermon by Rev. M. C. Peters.

NEW YORK, Jan. 3.—Rev. Madison C. Peters, in the prelude to a sermon at the Bloomingdale Reform church Monday night, spoke on the relation between foreign immigration and the hard times. He said in part:

"Undoubtedly the great influx of Hungarians, Italians, Poles, Russians and other nationalities into the American labor market is largely responsible for our hard times. These people can work for half the price paid to the American laborer and save money. What can our workmen gain by striking for higher wages when every steamship brings hundreds of starving immigrants who are glad to get work at any price?"

"The American workman is being supplanted everywhere. I would not keep out the laborer who seeks the land of highest wages for hard work, which he is qualified to do, but we need a thorough and systematic examination of every immigrant by our representatives abroad. No person should be allowed to come here until he has a certificate stating such intention, signed and filled with proper vouchers as to its truth, three months before his date of sailing. The criminal enterprise of foreign steamship companies should be interfered with. Self-preservation is the watchword of the hour. Shut down the gates until we have found employment for the men already here."

## Death From Vaccination.

VAN WERT, O., Jan. 3.—Blanch Elsey, aged 10, is dead from the effects of vaccination. She was vaccinated on the elbow nearly two months ago by a physician in Paulding. She suffered intense agony for several weeks. A great hole was eaten in the flesh about the elbow, and nearly all the muscles dropped out of her upper arm.

Watch For Another Train Robbery.

GUTHRIE, O. T., Jan. 3.—For nearly a week Bill Dalton and members of his gang have been in hiding in the Ponca Indian reservation in the Cherokee strip, near the Santa Fe station of Ponca. It is feared they intend robbing the Santa Fe train, and every train through the strip carries a heavily armed guard of deputy marshals.

## Contractors Assign.

CLEVELAND, Jan. 3.—The oldest firm of contracting plumbers in the city, that of Smith & Connors, assigned yesterday. Liabilities, \$26,000; assets, \$20,000. Inability to collect on contracts and outstanding accounts is given as the cause.

*Cloudy weather; rain, changing to snow in northern portion; colder.*

The prompt conviction and sentence of Pendergast for the murder of Mayor Harrison, of Chicago, will have a tendency to lessen the crop of dangerous cranks.

The opposition to the new tariff bill comes from the protected classes almost entirely. Wherever a class sees a diminution or abolition of the tax levied upon the public for its benefit, that class raises a howl of objections. This is expected, of course.

The novelties of life and society are variable. Mr. and Mrs. N. G. Kirk entertained the Minerva 'Cooking Club' at their pleasant home on December 28th. Card playing and dancing were indulged in until the wee sma' hours, and it was with sincere regret we bade the kind and estimable host and hostess good night.

WM. WASHINGTON, colored, charged with breaking into Mrs. Clarkson's home in the Sixth ward, was given a hearing yesterday afternoon before Squire Grant, and was held over in the sum of \$100. In default of bail he was committed to jail.

Mrs. John H. Wilson and family were all absent from the city Monday night, and knew nothing of the fire at their home Tuesday morning until they returned at noon. Mrs. Wilson desires, through the BULLETIN, to return sincere thanks to all who assisted in extinguishing the blaze.

THE BULLETIN is asked to announce that there will be a mass meeting held in the court house, Maysville, Ky., on Monday, January 8th, at 1 o'clock p. m. to consider the way and means of enforcing the recent statutes regulating the tolls on the various turnpikes of the State. Everybody invited.

MR. R. A. TOUR received a handsome silver-mounted cane yesterday, a New Year's gift from his son, Mr. John K. Toup, of Los Angeles, Cal. It is made of a species of cactus found in the Arizona desert, and is probably the only cane of the kind in Kentucky. It was obtained by the donor while on a trip to Arizona last summer.

NEAR Tilton, Fleming County, Carl, little son of C. H. Hurst, met with a serious misfortune Saturday evening. He went out in the field to catch a horse, and not returning, was found almost unconscious. He knew he had been kicked by a horse but knew little else for some time. He lost five teeth, his mouth and chin being badly lacerated. He was doing well at last accounts.

CHARLES WALKER, charged with grand larceny, was before Squire Grant Tuesday afternoon for preliminary trial. He waived examination and gave bail in the sum of \$100 to answer at the next term of the Circuit Court. He is accused of stealing some cash from Charles Lloyd, who lives on the Taylor's Mill pike. He is also charged with carrying concealed deadly weapons, and will have a hearing this afternoon at 2 o'clock before Squire Grant.

MR. WILLIAM T. BERRY, of Lewisburg, has been elected Principal of the Fifth ward school, in place of Mr. B. F. Williams, resigned on account of ill health. The Board of Education and the patrons of the school are to be congratulated on securing the services of Mr. Berry. He is one of the most successful teachers in the county. Mr. Williams has been one of the most faithful and successful teachers in this city for years, and his resignation, on account of ill health, is to be regretted.

THE home of Miss Bessie Carr, of the Sixth ward, was the scene of a very pleasant gathering New Year's evening. The house was brilliantly illuminated and the apartments bedecked with holly and mistletoe, suggestive of the yule-tide season, presented a magnificent appearance. Music and games were the order of the evening and the guests enjoyed a rare treat in the musical selections of Misses Mattie Hutchison and Grace Harding, which were especially fine, well chosen and excellently rendered. A delightful repast was served at 12 o'clock, consisting of the season's choicest delicacies, and in the wee sma' hours the guests took their departure, after congratulating Miss Carr upon her success and wishing her many happy returns of the day.

## THE LEGISLATURE.

### Kentucky's General Assembly Convened Tuesday at Noon.

#### Officers of the Senate and House—Harris Alexander a Winner. The Message.

The General Assembly of Kentucky convened Tuesday at noon. Under the new Constitution the session is limited to sixty days.

Following are the officers of the two houses as chosen by the Democratic caucus on Monday night:

#### THE SENATE.

President—Hon. W. E. Goebel.  
Chief Clerk—T. G. Moore.  
Enrolling Clerk—Mrs. F. B. Richardson.  
Sergeant-at-Arms—Charles Sommers.  
Asst. Sergeant-at-Arms—George A. Kendrick.  
Doorkeeper—J. E. Whitaker.  
Cloakroom Keeper—Edward Stanton.  
Pages—Steve Fulton, Stuart Tracy, James McDonald.

#### THE HOUSE.

Speaker—Hon. A. J. Carroll.  
Chief Clerk—J. E. Stone.  
Assistant Clerk—Green R. Keller.  
Enrolling Clerk—Ulie J. Howard.  
Sergeant-at-Arms—Robert Tyler.  
Doorkeeper—A. G. King.  
Janitor—Todd Hall.  
Cloakroom Keepers—J. Oscar Glenn, Seth Beckner.

Pages—Harris Alexander, Will Hines, Willie Johnson, William F. Wheatley.

Master Harris K. Alexander, son of ex-Sheriff Alexander, is to be congratulated on the successful fight he made for a Pageship in the House. It was two o'clock Monday night when the contest ended. The first thing he did Tuesday morning was to telegraph his mother that he had won. Harris is a favorite among his acquaintances and they will all be glad to learn of his success.

Mrs. Frank B. Richardson, the Enrolling Clerk, is the first woman ever honored with such a position by the Kentucky Legislature.

Governor Brown's message was sent to the Assembly shortly after noon. One of the most important recommendations is that concerning taxation. He estimates that there will be a large balance in the Treasury June 30, 1894, and recommends that the State levy be reduced several cents on the \$100.

Another important recommendation is that no appropriations be made except such as are absolutely necessary. He says: "When the pockets of the people are full, by reason of plentiful crops, good prices and general prosperity of all of the industries of the State, then the General Assembly may call on them to give of their wealth a portion for public improvements, but should not until then."

The recent decision of the Court of Appeals against the lotteries received the warmest praise.

The State Board of the World's Fair Managers was congratulated on its excellent work and economical disposition of funds.

The Governor recommends a revision of the laws on charitable and penal institutions and the establishment of a House of Reform for under-age criminals.

For the control of the penitentiaries a Board of Prison Managers, consisting of three persons, was recommended, in order, if possible, to divorce prison management from politics.

The action of the State in seeking to prevent the consolidation of the C. and O. S. W. with the L. and N. Railroad was commended, the lines being parallel competing ones. Now that the C. and O. S. W. has gone into a receivership it will be necessary for the State to oppose any bids made by the L. and N. for its purchase.

In closing the Governor recommended the establishment of a Railroad Commission, which shall have the power to fix rates of traffic. He also advised the passage of laws which will more thoroughly protect railroad employees from personal injuries.

He also recommends the passage of a law regulating voluntary assignments.

In speaking of the asylums the Governor says:

"There are now confined in the three lunatic asylums of the State 2,337 patients, an increase of 217 since October, 1891. They are distributed as follows: Western Asylum, 625; Central Asylum, 942; Eastern Asylum, 770. Total 2,337.

"These institutions are now full. It is imperative that arrangements shall be made to enlarge one or more of them. I would advise that additions be made to the Central Asylum, on the cottage plan, so that it can receive several hundred more inmates."

In another portion of the message the Governor says: "There is considerable confusion concerning the appointment and duties of election officers in fifth and sixth class towns. There should be on this subject a uniform law, giving either to the County Court, or the Town Council, the power to select election officers, provide ballots, etc. The provision in the charter for fourth-class cities also in

regard to ward elections is obscure, and should be made clear.

"There are now confined in the Frankfort Penitentiary 1103 convicts, and at Eddyville 504. About 600 men are now at work at the Frankfort Prison, manufacturing chairs, a contract having been made to dispose of the output to the extent of \$18,000 per month. If a similar contract can be made for the disposal of brooms that could be manufactured there it would put this prison on a self-sustaining basis."

## A HOME WEDDING.

### Marriage of Miss Anna H. Whitaker and Mr. Charles A. Farnsworth Tuesday Afternoon.

The hospitable home of Judge and Mrs. Emery Whitaker was the scene of a quiet wedding yesterday afternoon.

At 3 o'clock, their granddaughter, Miss Anna H. Whitaker, and Mr. Charles Allen Farnsworth were united in the bonds of matrimony, Rev. D. D. Chapin, rector of the Church of the Nativity, officiating.

Only relatives and a few intimate friends of the couple were present.

The wedding was fixed to occur early last month, but a few days before the appointed time Mr. Farnsworth was taken seriously ill, necessitating a postponement of the nuptials.

At the conclusion of the ceremony a sumptuous wedding dinner was served.

The groom has been residing at Lexington for some time, but his home is at Scranton, Miss., where he is engaged in the lumber business. The bride is the eldest daughter of Mr. and Mrs. John L. Whitaker, and is a young lady who has many warm admirers.

The happy couple will spend a week or so here before leaving for their home in the South.

LOGAN MURRAY, nephew of General Eli Murray ex-Governor of Utah, and a cousin of Mr. Martin McKnight of this county, was one of the jury that tried Prendergast at Chicago for the murder of Mayor Harrison.

It's throwing away money to buy a clock unless you get a correct time-keeper. That's the only kind Ballenger sells. In his large stock are many elegant marble and onyx clocks which he wishes to close out at once.

Forman, and died in St. Louis a few years since—Mrs. Jane F. McDonald.

ONE of the best things Robert Graham was accustomed to do years ago was the imitation of Henry Irving, which many people thought was superior to Dixoy's. His "General Knickerbocker" in "The Little Tycoon" helped much to the popularity of that opera. He will be here next Friday night in "After the Ball." Don't fail to see him.

## A GRAND SPIRIT

Shown in Hawaii, Writes the Wife of President Dole.

Boulder, Colo., Jan. 5.—Under date of Dec. 9 last Mrs. Dole, wife of the president of Hawaii, wrote an interesting letter to her nephew, Guy Dennett of this city, from which this extract is taken:

"The news of Cleveland's policy of restoring the queen came upon us like a thunderbolt. The excitement was intense here. The provisional government rose to the emergency in a splendid way. I admire their magnificent courage even while I tremble. They fortified the executive building more strongly and gave out publicly that they would resist attacks from whatever quarter. They are ready to sacrifice their lives in this great cause, the cause of freedom and civilization in these islands. It all reminds me more than anything of the old revolutionary times in the United States; the same spirit and much the same cause, only more need here it seems to me. Is it not good, how Cleveland's plan for restoring the queen on Nov. 10 was frustrated? And now the great American people have risen up in their wrath and will resist. It is a fine thing to see. And to think of little Hawaii causing all this excitement. But there is a tremendous principle involved in the principle of freedom and right against monarchical tyranny and wrong. It is grand to see the spirit here. We are hoping for good news from congress by next steamer."

**Sudden Death of an Ex-Congressman.**  
New York, Jan. 8.—Orlando R. Potter, the well known financier and ex-congressman, died suddenly last night. He was taken with a fit on the street and died before any physician could reach him. Mr. Potter was 64 years old.
